- Active Conflict
- Intervention Area
Uncertainty
- Mobile Population
- Overlapping
Environments
- Stratified Beneficiary
Groups

WHY WASH FIT

- Known Benefits
- Increase Evidence Base
- People Centred
- Inter-sectoral Programming
- Ease of Transition

Challenges

- Access
- Staff Areas of Expertise
- Time scales
- Lower Income Focused
- Internal/External Integration

Next Steps

- Strengthen Operational/Monitoring Integration
- Develop Links with Public Health Research Institutions
