

# SupCap Project Overview

**Project Title:** Scale-up and Capacity Building in Behavioral Science to improve the uptake of Family Planning and Reproductive Health Services (SupCap for short).

**Funder:** The William and Flora Hewlett Foundation

**Timeline:** 2018-2021

<b>Research study on scale-up of behavioral interventions</b>	<b>Capacity building in behavioral science methodology</b>
Select, test, implement, scale-up, and measure a proven behavioral science intervention in health districts in Eastern Uganda that are part of the USAID-funded RHITES-E Activity, to improve health and well-being for women of reproductive age in Eastern Uganda.	Train IntraHealth staff based in Uganda, Tanzania, Kenya, South Sudan and the US on behavioral science research, analysis, and implementation approaches .

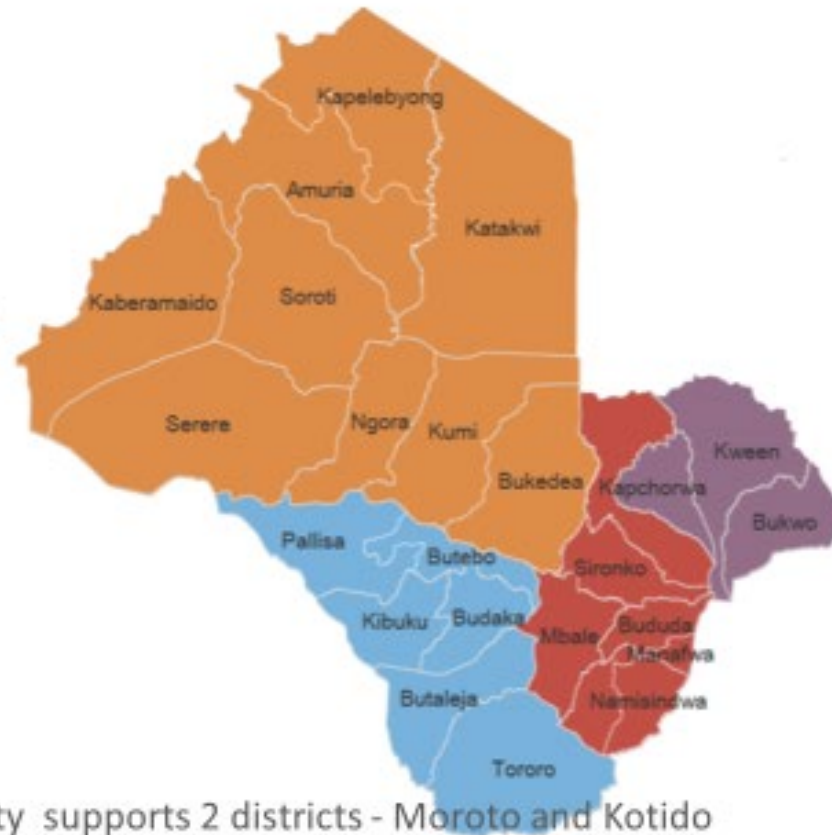

# Eastern Uganda

## RHITES-E Coverage

### Eastern Uganda Districts

### Clusters

Karamoja, RHITES-E Activity supports 2 districts - Moroto and Kotido

# Research Methodology

What do we do in each phase?
