

Advancing community health worldwide.

POSITION: KNOWLEDGE MANAGEMENT & COMMUNICATIONS INTERN FALL 2020

Reports to: Communications & Knowledge Management Coordinator

Introduction:

The purpose of this position is to assist the Knowledge Management and Communications Team with all communications and knowledge management-related projects and tasks. The internship will be 15-20 hours/week starting late August 2020 and ending in December 2020, with the potential for extension. The hours and schedule are flexible depending on the intern's availability.

A stipend will be given out at the end of the internship. Course credit may also be available.

Background:

CORE Group fosters collaborative action and learning to improve and expand community-focused public health practices. Established in 1997 in Washington D.C., CORE Group is an independent not-for-profit organization, and home of the Community Health Network, which brings together CORE Group member organizations, scholars, advocates and donors to support the health of underserved mothers, children and communities around the world.

The Knowledge Management and Communications Team strengthens knowledge-sharing and communications between CORE Group, its membership, and the broader global health and international development community to advocate for key community health activities and messages, and to demonstrate CORE Group's value and impact in the field.
